THUMBNAIL DESCRIPTION:

Tom came out west to seek his fortune in the gold fields, but an unfortunate accident left him crippled, with his left leg severed just below the knee. Fortunately for Tom (though not for the local card players), he soon realized his talent for gambling. He makes his living traveling from town to town, using this skill (and his marked card deck) to skin the locals of their money and then moving on. When on a train he prefers faro, since there's nowhere for him to escape to if he's caught cheating at poker.
